

# **How to check product availability and pricing**

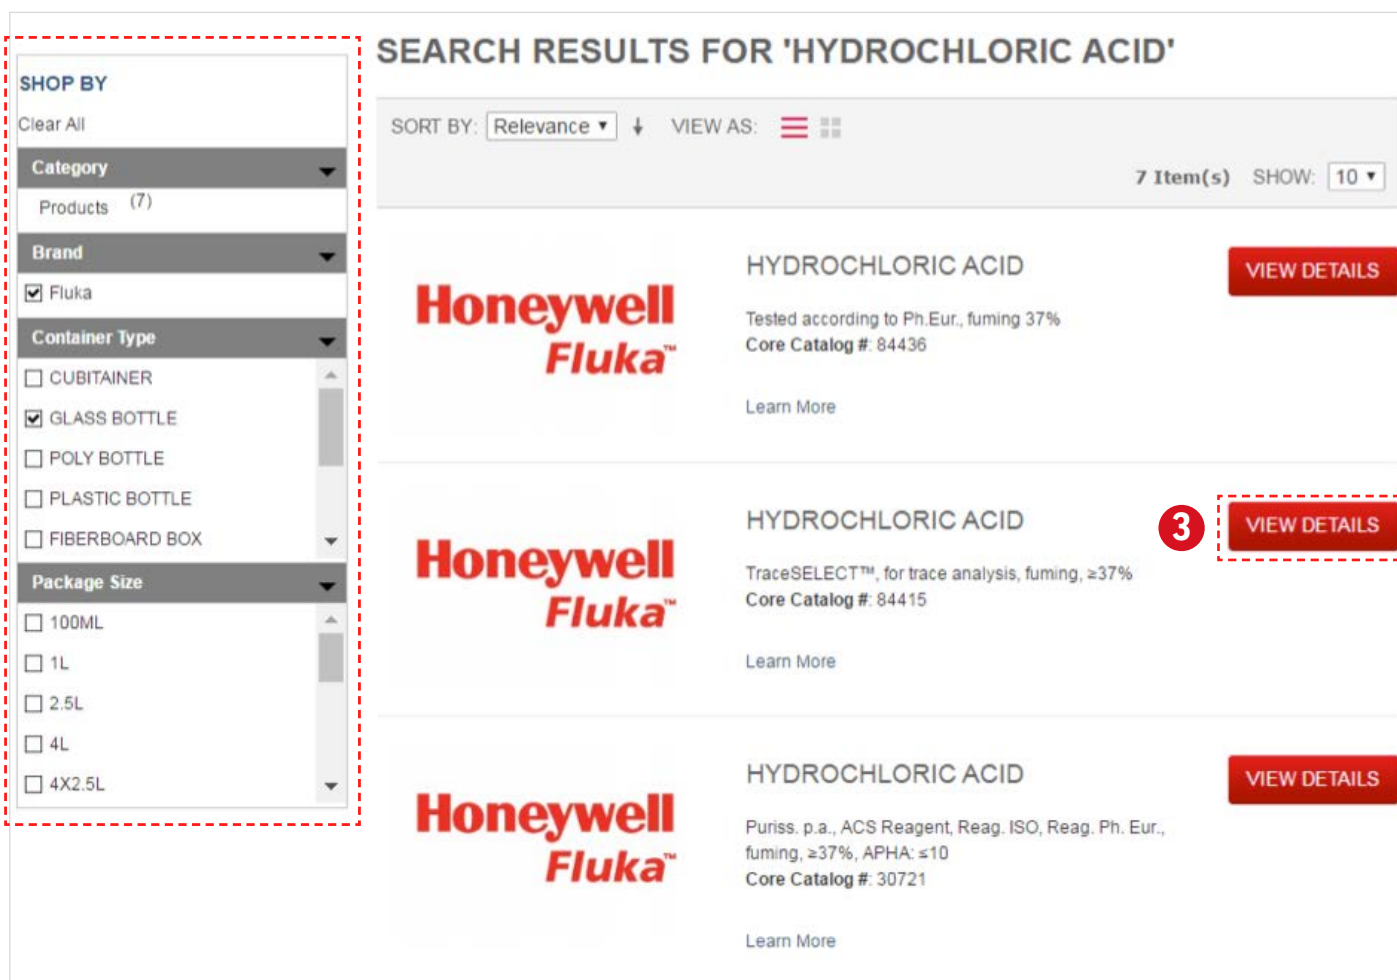

V1.0 April 2017

## How to check product availability and pricing

1. Log in to your account view product availability and account-specific pricing.

2. Search and Refine results.

1

Search by chemical name, CAS number, or product number.

2

Filter by Brand, Container Type, and Package Size.

3

Click VIEW DETAILS to view the Product Detail Page.

## How to check product availability and pricing (continued)

3. On the product detail page, you will find **List Price**, **Your Discount** and **Your Price** displayed next to the corresponding Catalog Number.

If not logged in, then only List Price is available.

Pricing displayed in catalog does not include applicable VAT.

Proceed to the Cart to see applicable taxes.

45727 Fluka

### Acetic acid

4. **Product Availability** is displayed on the product detail page.

We display estimated product availability in our catalog.

If you continue to the Cart, then we can provide more accurate availability by taking into consideration the desired Ship-to location and transit time from Honeywell's distribution center.
