

How to create an order from product search

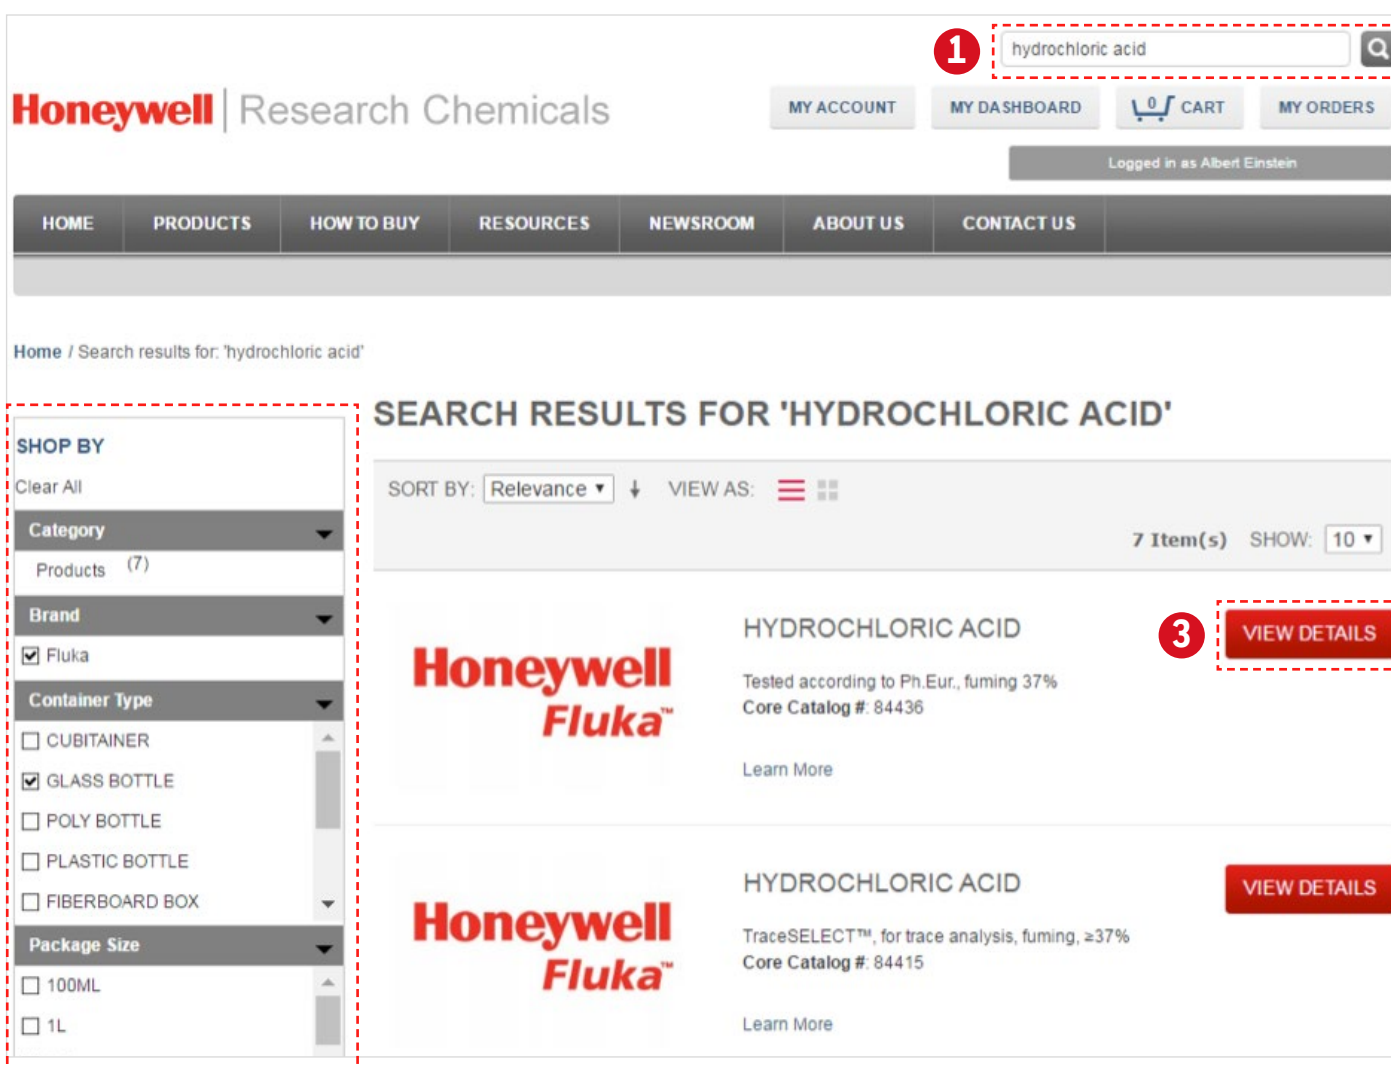

V1.0 April 2017

How to create an order from product search

1. **Log in** to your account to view product availability and account-specific pricing.

2. **Search** and **Refine** results.

1

Search by chemical name, CAS number, or product number.

2

Filter by Brand, Container Type, and Package Size.

3

Click VIEW DETAILS to view the Product Detail Page.

3. On the product detail page, enter quantity and then click the **ADD TO CART** button to add desired product to your Shopping Cart.

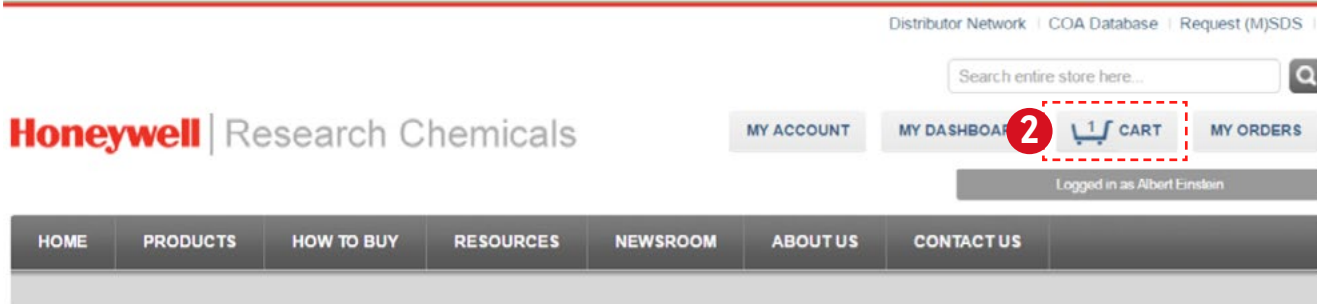

1

A message highlighted in green will appear indicating that the item was successfully added to your Shopping Cart.

4. When you have finished shopping, click on the **CART** button in the top right corner of the page and you will be taken to your Shopping Cart.

2

In your Shopping Cart you will have the options to select your Ship-to location, update quantities, change delivery dates, add or remove items, SAVE CART (to submit it later or share with a colleague), cancel the cart, or CHECKOUT.
